

Finance Warsaw Roles

FINANCE DIVISION OVERVIEW

The Finance Division contributes to the firm by partnering with each of the firm's businesses to understand and manage risks, measure profitability, and create solutions through quantitative analysis, projecting and forecasting. We are looking for outstanding candidates to join Corporate Treasury and Credit Risk Management & Advisory (CRMA).

- **Corporate Treasury** works closely with the CFO, Treasurer and other members of senior management to manage the firm's funding, liquidity, capital and relationships with creditors and regulators. The department plays a key role in firmwide strategic and analytical projects, providing a unique insight into the firm's business activities and performance.
- **Credit Risk Management and Advisory (CRMA)** works closely with the Chief Risk Officer and senior management to manage Goldman Sachs' credit risk. Credit professionals protect the firm's capital by using in-depth knowledge of our clients, markets, and trading products to make decisions on acceptable level of firm's risk appetite. Staffed with more than 400 professionals, CRMA operates through 12 different offices around the world. CRMA provides a unique opportunity to develop a variety of professional skills and expertise in risk management while working on advisory mandates as well as financial transactions.

POSITIONS

We are hiring students and graduates into the following positions:

- Apply for the **New Analyst Programme** if you are able to work full time in 2017. This is the entry level for graduates who have minimal work experience.
- The **2017 Summer Internship** is a 10 week internship designed for current students (Bachelor or Master degree) who can start a full time role in 2018. We offer successful interns the opportunity to join us full time as a New Analyst in the following year.
