

Technology Warsaw Roles

JOIN OUR GLOBAL TECHNOLOGY TEAM IN WARSAW

Be a part of a GLOBAL team of technologists, developing systems that drive our business and financial markets worldwide. We are looking for outstanding candidates for a variety of Technology roles in Warsaw:

- **BUSINESS SOFTWARE DEVELOPERS** to write high-quality and thoughtful code, developing technical solutions for our business and external clients (e.g. Java, AngularJS, ReactJS, BigData)
- **PLATFORM ENGINEERS** to work as application developers or system engineers to develop and maintain our technology infrastructure and core frameworks (e.g. Java, JavaScript, Python, Cloud, Linux)
- **DEVOPS ENGINEERS** to be responsible for detecting, managing and mitigating a range of risks in the firm's operating environment, implementing standard software-development practices and test frameworks (e.g. PowerShell, Ruby, Python, Groovy, JavaScript)

POSITIONS

We are hiring students and graduates into the following positions:

- Apply for the **New Analyst Programme** if you are able to work full time in 2017. This is the entry level for graduates who have minimal work experience. In Technology, we call this our **NAPA Programme**.
- Our Internship Programmes provide students with the opportunity to experience what it is like to work in the Technology Division. We offer successful interns the opportunity to join us full time as a New Analyst in the following year.
 - The **2017 Summer Internship** is a 10 week internship designed for current students (Bachelor or Master degree) who can start a full time role in 2018.
 - The **2017 Off-Cycle Internships** is a 1 year internship designed for Master Degree students who are looking to gain part-time work experience while finishing their studies.

WHY GOLDMAN SACHS?

- New Analysts start with a robust training programme
- You will work on challenging tasks, providing innovative technology to our business and clients
- We offer you best-in-class training programmes and mentoring at every stage of your career
- You will take on early responsibility as part of a growing office

TO APPLY
